LOCATION MAP

Welcome to the prime location of our project, situated just opposite the esteemed Honda Siel plant and in close proximity to Honda Chowk. This area is surrounded by a constellation of well. developed industrial hubs such as Gurgaon, Dharuhera, Manesar, Bawal, Neemrana, Rewari, Khushkhera, along with emerging zones like Karoli and Salarpur. Bhiwadi thrives as a nexus of connectivity, seamlessly linked to prominent areas like Neemrana, a veritable Japanese hub that encompasses industries, offices, and a diverse array of Japanese dining experiences. With Neemrana being a significant node on the DMIC (Delhi Mumbai Industrial Corridor) and a key Japanese industrial centre in India, its influence resonates in the surroundings of Bhiwadi, extending to Neemrana, Khushkhera, and Dharuhera. These regions are in the process of evolving into thriving Japanese industrial enclaves, underscored by the presence of major Japanese corporations, including the iconic Honda Factory. Notably, the Korean industrial presence is also burgeoning, further enriching this vibrant landscape.
